Section 1 – Introduction

This directory provides a list of *iCare* Medicare Plan’s network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage (EOC).

iCare Medicare Plan requires you to select a Primary Care Physician (PCP). If you do not select a PCP, one will be assigned to you. A PCP helps you coordinate all of your medical needs. When you have a health concern, call your doctor’s office. If you think you need to see another doctor, or a specialist, ask your PCP. Your doctor will help decide if you need to see another physician and will give you a referral, if necessary. Your PCP may be a Family Practice, Internal Medicine or General Practice doctor. This guide lists the doctors and clinics that are part of the *iCare* Medicare Plan provider network.

If you already have a doctor, look through the list to see if he or she is part of the *iCare* Medicare Plan provider network. Women may choose a women’s health specialist (OB/GYN or nurse midwife) without a referral from your PCP. If you need help choosing a doctor from this directory, please call Customer Care at 1-800-777-4376, 24 hours-a-day, 7 days-a-week. TTY users should call 1-800-947-3529.

The network providers listed in this directory have agreed to provide you with your health care services. You may go to any of our network providers listed in this directory; however, some services may require a referral. If you have been going to one network provider, you are not required to continue going to that same provider. In some cases, you may get covered services from non-network providers.

If an out-of-network provider asks you to pay for covered services, please contact Customer Care. It is best to ask an out-of-network provider to bill us first, but if you have already paid for the covered services, we will pay you for our share of the cost. If you get a bill for the services, you may send the bill to us for payment. We will pay the provider for our share of the bill and will let you know what, if anything, we have paid.

In most situations, if you are in the plan’s service area, we will cover urgently needed care only if you get this care from a network provider. If the circumstances are unusual or extraordinary, and network providers are temporarily unavailable or inaccessible, our plan will cover urgently needed care that you get from an out-of-network provider. Suppose that you are temporarily outside of our plan’s service area but still in the United States. If you have an urgent need for care, you probably will not be able to find or get to one of the providers in our plan’s network. In this situation (when you are outside of the service area and cannot get care from a network provider), our plan will cover urgently needed care that you get from any provider.

Emergency care can always be obtained in or out of the service area from the nearest available provider. In addition, when out of the service area, you can obtain dialysis treatment from any qualified dialysis provider.

You must use network providers except in emergency or urgent care situations or for out-of-area renal dialysis. If you obtain routine care from out-of-network providers, neither Medicare nor *iCare* Medicare Plan will be responsible for the costs.

Providers shall comply with appointment access standards adopted by *iCare* as follows:

- Preventive appointments: within thirty (30) days
- Urgent care: within twenty-four (24) hours
- Emergent care: immediate availability
- After hours coverage/access: twenty-four (24) hours a day/ seven (7) days week
- Dental access guidelines:
 - o New patient: within ninety (90) days

- o Routine Care: within ninety (90) days
- o Emergent Care: within twenty-four (24) to seventy-two (72) hours

Providers shall comply with office wait time standards adopted by *iCare* as follows:

- Office wait times should not exceed thirty (30) minutes after the scheduled appointment time
- Behavioral Health access:
 - o Routine office visit: thirty (30) days or less
 - o Follow up from an inpatient mental health stay: thirty (30) days or less
- High risk prenatal care:
 - o Appointments: two (2) weeks or less

iCare Medicare Plan (HMO D-SNP)

2025 Pharmacy Directory

This Pharmacy Directory was updated on 10/1/24. For more recent information or other questions, please contact us, iCare Medicare Plan Customer Care, at 1-800-777-4376, 24 hours-a-day/7 days-a-week (office hours: Monday-Friday, 8:30 a.m. to 5:00 p.m.). TTY users should call 1-800-947-3529, or visit www.icarehealthplan.org.

Changes to our pharmacy network may occur during the benefit year. An updated Pharmacy Directory is located on our website at www.icarehealthplan.org/Member-Documents. You may also use our online Provider Search Tool at www.icarehealthplan.org/Find-a-Provider.htm or you may call Customer Care at the number listed above for an updated provider.

This information is available for free in a different format, including large print, braille and audio. Please call Customer Care at the number listed above if you need plan information in another format or language.

We strongly suggest that you review our current Pharmacy Directory to see if your pharmacy is still in our network.

Introduction

This booklet provides a list of *iCare* Medicare Plan's network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the Evidence of Coverage and *iCare* Medicare Plan's formulary. When this pharmacy directory refers to "we", "us", or "our," it means *Independent Care Health Plan*. When it refers to "plan" or "our plan," it means *iCare Medicare Plan*.

We call the pharmacies on this list our "network pharmacies" because we have made arrangements with them to provide prescription drugs to plan enrollees. In most cases, your prescriptions are covered under *iCare* Medicare Plan only if they are filled at a network pharmacy or through our mail order pharmacy service. Once you go to one pharmacy, you are not required to continue going to the same pharmacy to fill your prescription but can switch to any other of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your Evidence of Coverage.

All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was published. This means the pharmacies listed here may no longer be in our network, or there may be newer pharmacies in our network that are not listed. This list is current as of 10/1/24. For the most current list, please contact us. Our contact information appears on the front and back cover pages.

This directory is for Bayfield and Douglas counties which includes the area in which you live. However, we cover a larger service area, and there are more pharmacies where your prescriptions may be covered by our Plan. For information on more pharmacies in our plan network not listed in this directory, please visit www.icarehealthplan.org/Find-a-Provider.htm for a listing of all of the pharmacies in our network.

You can get prescription drugs shipped to your home through our network mail order delivery program which is called Birdi™ pharmacy, formerly known as MedImpact Direct Mail. For more information, please contact us or see the mail order section of this pharmacy directory.

If you have questions about any of the above, please see the first and last cover pages of this directory for information on how to contact us.

The network of pharmacies in this directory are divided into five categories:

Retail Pharmacies, including Chain Pharmacies

Mail Order Pharmacy

You can get prescription drugs shipped to your home through our network mail order delivery program which is called Birdi™ pharmacy, formerly known as MedImpact Direct Mail.

For refills of your mail order prescriptions, you have the option to sign up for an automatic refill program. Under this program, we will start to process your next refill automatically when our records show that you should be close to running out of your drug. We will contact you prior to shipping each refill to make sure you are in need of more medication. You can cancel scheduled refills if you have enough of your medication or if your medication has changed. If you choose not to use the auto refill program, please contact us 7-10 days before you think the drugs you have on hand will run out to make sure your next order is shipped to you in time. To opt out of the automatic refill program, please contact Birdi™ pharmacy by phone at 1-855-873-8739 (TTY dial 711).

Typically, you should expect to receive your prescription drugs from 3 to 5 days from the time that the mail order pharmacy receives the order. If you do not receive your prescription drug(s) within this time, please contact us at 1-800-777-4376, TTY 1-800-947-3529, (TTY: 711), or call Birdi™ pharmacy (formerly known as MedImpact Direct Mail) at 1-855-873-8739 (TTY: 711).

Home Infusion Pharmacies

Long-Term Care Pharmacies

Residents of a long-term care facility may access their prescription drugs covered under *iCare* Medicare Plan through the facility's long-term care pharmacy or another network long-term care pharmacy.

Indian Health Service / Tribal / Urban Indian Health Program (I/T/U) Pharmacies

Only Native Americans and Alaska Natives have access to Indian Health Service / Tribal / Urban Indian Health Program (I/T/U) Pharmacies through *iCare* Medicare Plan's pharmacy network. Those other than Native Americans and Alaskan Natives may be able to access these pharmacies under limited circumstances (e.g., emergencies).

Each pharmacy is listed by category in alphabetical order for each county by city.
